

TARGET DOMAIN	AUDIT DATE	PREPARED BY
client-boutique.com	October 8, 2026	Apex Web Studio · Technical QA Team

Executive Health Summary: Grade A (Passing)

The target web property demonstrated high performance across Core Web Vitals, server response latencies, and security headers. 2 low-priority canonical tags require review before next crawl cycle.

AUDIT VECTOR	RESULT	MEASURED METRIC	STATUS
SSL & Security Headers	Strict-Transport-Security, TLS 1.3 Active	A+ Grade	✓ PASS
Largest Contentful Paint (LCP)	Hero banner rendered in 1.42s	1.42s (Benchmark < 2.5s)	✓ PASS
Cumulative Layout Shift (CLS)	Zero unexpected element shift	0.012 (Benchmark < 0.1)	✓ PASS
Broken Links & 404s	128 URLs crawled & evaluated	0 broken internal routes	✓ PASS
Canonical SEO Tagging	2 pagination routes missing canonical link	2 minor warnings	! REVIEW
Mobile Viewport & Tap Targets	All interactive touch elements > 48px	100% Mobile Ready	✓ PASS

Agency Recommendation: Schedule bi-weekly maintenance retainer scans to preserve Grade A health and catch 404 dead links before prospective customers notice.
